Invitation to the World Philosophy Day Dialogue

Kara Heritage Institute, in partnership with the South African National Commission for UNESCO, would like to invite you to the Philosophy Day Dialogue. The African Philosophy is an important discipline especially for young people underlying that “philosophy as a discipline that encourages critical and independent thoughts and capable of working towards a better understanding of the world in promoting tolerance and peace”.

The World Philosophy Day was initiated by UNESCO in 2005 but is not owned it. UNESCO encourages state institutions, tertiary institutions and civil society organizations to celebrate the World Philosophy Day and highlight the importance of Philosophy in the development of human thought. Your participation and contribution will be highly appreciated.
