

KARA HERITAGE INSTITUTE

Kara Heritage Institute and associates invite you to the first celebration of African history month in South Africa; in commemoration of the unbanning of the African National Congress and other liberation movements; in particular the release of Nelson Mandela and other political prisoners.

The release of our icon Nelson Mandela and other political prisoners marked a new chapter in the history of Africa and the diaspora. It served as a victory for the African and global struggle for democracy, human and people's rights. Therefore the Kara Heritage institute and associates deemed it significant to join the diaspora in declaring and celebrating African (Black) history month in February.

This celebration offers us an opportunity to reflect on African Identity, History, culture and the current challenges facing Africa and the diaspora. For example: racism, tribalism, xenophobia, religious intolerance and conflict. Scholars and community leaders have been invited to lead discussions on these matters.

You are cordially invited to join us on this historic occasion.
